SERIES

STREAMING AMPLIFIER
STREAMING PREAMPLIFIER
POWER AMPLIFIER

A WIDER STAGE FOR THE MUSIC.

The 80 Series is Cyrus at full scale - our first full-width range, built for listeners who want modern streaming convenience without sacrificing the authority and control of true hi-fi amplification.

With decades of engineering behind it, 80 delivers bigger presence, deeper headroom and effortless drive, revealing more detail and emotion at any volume. BluOS is seamlessly integrated for instant access to your music, while the full-width chassis gives our designers the space to do what matters most: power, performance and purity.

Choose the simplicity of an all-in-one streaming amplifier, or build a separates system over time. Either way, the 80 Series is designed to evolve with you - and to sit perfectly alongside the 40 Series when you want to mix compact specialists with full-width scale.

“
FINALLY, A FULL-WIDTH CYRUS THAT KEEPS THE SIGNATURE SOUND BUT ADDS REAL SCALE. SET-UP TOOK MINUTES, STREAMING IS FLAWLESS, AND IT DRIVES MY SPEAKERS LIKE A MUCH BIGGER SYSTEM.

”

80

STREAMING AMPLIFIER
**ONE BOX.
FULL-SCALE CYRUS.**

The 80 AMP brings high-resolution music into your home with effortless ease, and the power and control to make it truly come alive.

With the award-winning BluOS streaming platform built in, plus genuinely versatile connectivity, it's the all-in-one Cyrus you've been waiting for: simple to live with, thrilling to listen to.

- 150W per channel
- Class A/B
- BluOS streaming platform
- ESS Sabre ES9039Q2M 32 bit DAC
- Full colour 5" TFT display
- Built-in WiFi antenna
- Lossless music up to 24-bit/192kHz
- MM/MC Phono Input
- 4 x Analogue Inputs
- 2 x Digital Optical Inputs
- 2 x Digital Coaxial Inputs
- 1 x Asynchronous USB-B Input
- 1 x HDMI eARC Input
- 1 x Analogue Preamplifier Out
- Balanced XLR Inputs and Outputs
- Headphone amplifier
- App available on iOS, Android, Kindle, Mac or PC
- Apple Airplay2, Roon Ready & MQA Decoding Built-In
- 5 year warranty

80

STREAMING PREAMPLIFIER

TOTAL CONTROL. TOTAL IMMERSION.

The 80 PRE is our most versatile preamplifier yet - built for listeners ready to step up to true separates performance.

Crafted in the UK and engineered to reveal more space, detail and control from every source, it partners seamlessly with the 80 PWR to deliver a system that feels effortless, powerful and utterly involving.

KEY FEATURES

- BluOS streaming platform
- ESS Sabre ES9039Q2M 32 bit DAC
- Full colour 5" TFT display
- Built-in WiFi antenna
- Lossless music up to 24-bit/192kHz
- MM/MC Phono Input
- Headphone Amplifier
- 4 x Analogue Inputs
- 2 x Digital Optical Inputs
- 2 x Digital Coaxial Inputs
- 1 x Asynchronous USB-B Input
- 1 x HDMI eARC Input
- Balanced XLR Inputs and Outputs
- Balanced Headphone Output
- App available on iOS, Android, Kindle, Mac or PC
- Apple Airplay2, Roon Ready & MQA Decoding Built-In
- 5 year warranty

80

POWER AMPLIFIER

POWER, WITH PRECISION. STEREO OR MONO.

The 80 PWR brings effortless authority and finesse to any setup, with the grip and headroom to drive even the most demanding speakers with ease.

Run it in stereo for expansive, controlled performance - or bridge to mono for even greater scale and impact.

Either way, you get Cyrus power at its most confident: precise, immersive, and deeply involving every time you press play.

KEY FEATURES

- Class A/B
- Switchable Stereo/Bridged Mono operation
- 200 watts - Stereo
- 300 watts - Mono
- Balanced XLR Inputs

THE ICON, REFINED. MASSIVE SOUND. BEAUTIFULLY COMPACT.

A brand-new range of home audio products marks a bold new chapter for Cyrus Audio. Known worldwide as the original half-width hi-fi specialist, Cyrus continues that iconic approach with the 40 Series - beautifully compact, effortlessly modern, and unmistakably Cyrus.

Built around four core components and an optional external power supply, the 40 Series makes it easy to create a premium system that fits your space and your lifestyle, without compromising on performance.

Precision-engineered from anodised aluminium, with key parts custom-designed in-house, every 40 Series product is proudly Made in Britain, the home of Cyrus.

“ SET-UP WAS EFFORTLESS, THE CONTROLS FEEL INTUITIVE, AND THE PERFORMANCE IS WAY BEYOND WHAT I EXPECTED AT THIS SIZE. IT'S COMPACT, CONFIGURABLE, AND COMPLETELY INVOLVING. ”

Cyrus Customer

40

INTEGRATED AMPLIFIER

COMPACT SIZE. FULL-SCALE SOUND.

Designed as the heart of your home audio, the 40 AMP unites your digital and analogue sources in one brilliantly engineered product.

With 100 watts per channel on tap, it grips even demanding speakers with ease - delivering the scale, punch and emotional pull that brings the drama of live music straight into your home.

KEY FEATURES

- 100W per channel
- ESS ES9039Q2M 32 bit DAC
- 5" Hi-Res TFT display
- 4 x Analogue Inputs
- 3 x Digital Inputs
- Analogue Preamplifier Output
- 1 x Fixed Output
- Remote Control
- MM Phono Stage
- HDMI eARC Input
- Asynchronous USB-B Input
- Class A/B Amplifier
- 40 PSU Upgrade Compatible
- 5 year warranty

NETWORK STREAMER

COMPACT SIZE. FULL-SCALE SOUND.

The 40 ST is our highest-performance network streamer, created for listeners who live in the world of digital music.

With BluOS at its core, it delivers lightning-fast, bit-perfect hi-res playback up to 24-bit/192kHz, with intuitive app control and seamless access to the services you use every day - all with the clarity, timing and immersive connection Cyrus is known for.

KEY FEATURES

- BluOS Hi-Res Streaming Platform
- ESS Sabre ES9039Q2M 32 bit DAC
- 2 x Line Level Analogue Outputs
- 2 x Digital Outputs
- 2 x Digital Inputs
- Full colour 5" TFT display
- Built-in WiFi antenna
- Lossless music up to 24-bit/192kHz
- USB-A Socket For Music Playback
- RJ45 Ethernet Socket For Wired Network
- Ethernet (GigE 1Gbps), Wi-Fi 5 (802.11ac, 2.4/5Ghz)
- App available on iOS, Android, Kindle, Mac or PC
- Apple Airplay2, Roon Ready & MQA Decoding Built-In
- 40 PSU Upgrade Compatible
- 5 Year Warranty

40

CD PLAYER
**REDISCOVER
EVERY DISC.**

Rediscover your CD collection in breathtaking detail. Built on decades of Cyrus reference CD design, the 40 CD uses advanced servo control to read every disc with extreme accuracy - extracting more information, lowering noise, and revealing a cleaner, more dynamic performance that brings your music to life.

KEY FEATURES

- ESS Sabre ES9039Q2M 32 bit DAC
- Cyrus designed 'Read Once' Servo Mechanism
- 2 x Line Level Analogue Outputs
- 2 x Digital Outputs
- High-Res 3.5" TFT Display
- Edge to Edge Glass Front Panel
- Switch mode power supply
- 40 PSU Upgrade Compatible
- 5 Year Warranty

40 PHONO PREAMPLIFIER HEAR DEEPER INTO THE GROOVE.

Your vinyl has never sounded this alive. The 40 PPA is our finest phono preamplifier yet - re-engineered from the ground up to protect the tiniest details in the groove.

The result is a cleaner, quieter signal with greater clarity and precision, revealing more space, texture and emotion from every record.

The Cyrus TTP Turntable is the perfect complement to the 40 PPA, precision machined from solid aluminium blocks, the plinth and platter are extremely stable for superb vinyl playback.

KEY FEATURES

- Connect up to 4 turntables
- All inputs compatible with MC & MM cartridges
- MC inputs configurable for gain, load and capacitance
- Stereo output level meters with peak hold to optimise MC gain
- Warp filter to reduce bass excursion on warped records
- XLR balanced and RCA outputs
- Ground lift switch to help eliminate ground hum problems
- 5" Hi-Res TFT display
- Remote control operation
- 40 PSU Upgrade Compatible
- 5 Year Warranty

40

POWER SUPPLY

LOWER NOISE. GREATER DETAIL.

Power is the foundation of great sound. The 40 PSU upgrades compatible 40 Series components with its own microprocessor-controlled supply, delivering cleaner, more stable, digitally regulated power exactly where it's needed.

The result is a calmer, quieter system with greater clarity, tighter control and more effortless dynamic range - performance you can hear, every time you press play.

KEY FEATURES

- 5 low noise linear supplies
- Compatible with 40 AMP, CD, ST & PPA
- Anodised aluminium casing
- Edge to edge glass front panel
- XR Series Compatible
- 5 Year Warranty

The logo consists of the word "CYRUS" in a bold, sans-serif font. The letters "C", "Y", and "R" are connected by a single horizontal line that slopes down from left to right, while the "U" and "S" are connected by a horizontal line that slopes up from left to right.
